Software Development: QA, test, document, and complete

Strategy and Planning: Craft strategies, operational plans, and task lists.

OUR CUSTOMIZED APPROACH

Allowing companies to tailor AI-driven environments to meet their unique needs and objectives is crucial to staying relevant in today's rapidly evolving business landscape.

*Additional add-on available for each tier.

IVA Base	IVA Plus	IVA Premium	IVA Custom
<p>The Base package provides a foundational, secure way to use ChatGPT and GenAI functionalities while keeping your data within your organization. This allows organizations to increase productivity via GenAI, without sacrificing security.</p>	<p>The Plus package empowers organizations to talk to their data. With Plus, you can upload everything from contracts to invoices to leases to extract specific information and talk to your data.</p>	<p>The Premium package is designed for experienced GenAI users to tackle advanced use cases and integration. Premium pulls data into a data warehouse from multiple ERPs, CRM, and other business tools. This allows for questions to be asked and answered about sales, financials, customer sentiment, etc.</p>	<p>The Custom package, which includes the IVA Base package and additional AI road mapping, makes GenAI work for any use case that will generate ROI for your business. From financial, to legal, to operations, our custom GenAI solution helps you use AI to your advantage.</p>

REALIZE THE POTENTIAL

Help Ensure Security

Boost Productivity

Spark Creativity

Embrace Scalability

Enabling businesses to customize AI-powered environments to align with their individual requirements and goals is essential for remaining competitive in today's swiftly changing corporate terrain.
