DATA EXTRACTOR
Accelerate access to your data

At BDO Digital, we blend an approach of business acumen, industry knowledge, and technical skills to help our clients quickly and effectively conduct unstructured data review and analysis.

BDO Digital's Data Extractor utilizes advanced optical character recognition (OCR), robotic process automation, artificial intelligence (AI) technology, and customized workflows to segment and classify data.

- ▶ Key terms, phrases, and context extraction
- ▶ Trend and performance analysis
- ▶ Data aggregated into Excel format

When is the Right Time for Use?

- ▶ Repeatable document layouts
- ▶ Significant manual effort is spent on extraction
- ▶ Difficult document types
- ▶ High document volume
